

About FervoGear LLC

Based in **McKinney, Texas**, FervoGear LLC specializes in custom racing suits tailored to meet the unique requirements and styles of racing enthusiasts. With a strong focus on safety and aesthetic design, these suits are crafted with fire-resistant Nomex® material and meet the **SFI 3.2A/5** certification standards.

Featured on various media outlets, including **KTSM TV 9 News** and **AP News**, FervoGear caters to diverse racing formats like Formula 1, kart, drag, or NASCAR. Their custom racing suit gallery showcases an array of design options in multiple color combinations.

FervoGear provides a wide product range, from single-layer to triple-layer Nomex® SFI 3.2A/5 racing suits and FR cotton racing suits. These come with a range of features like **unlimited logos**, **free shipping**, **unlimited embroidery**, and more. The suits are designed with enhanced comfort and flexibility, including features like a lower back panel and stretch panels in strategic areas. They are tailored to fit each customer perfectly.

FervoGear's products aren't just for professional drivers; anyone involved in racing activities can benefit from the **high-level protection** their suits provide.

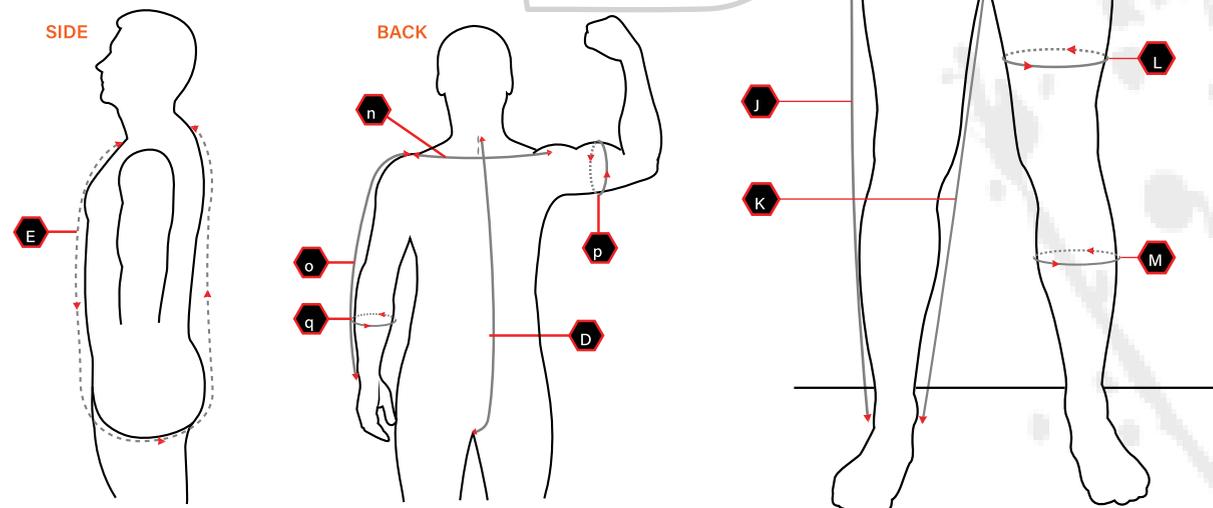

CUSTOM SUIT MEASUREMENT FORM

- » Please do not measure yourself. Have someone measure you **ballot a**
- » Wear tight fitting comfortable clothes such as underwear.
- » Use a cloth measuring tape and keep it tight to the skin.
- » Take exact measurements and do not add anything to them.

If you have questions, please give us a call. We will make the suit to these dimensions and will not be responsible for measurement errors.

- A Neck Circumference
- B Front Rise- Crotch seam to waist line

Our Suit have been tested

★★★★★

As a professional driver, safety is my top priority and I trust Fervogear to deliver. Their custom auto suits are not only stylish but also provide the best protection available. Plus, knowing that they are SFI approved gives me peace of mind while I'm pushing my limits on the track

 **William D Hale**
Professional Driver

★★★★★

I was skeptical about spending the extra money on a suit, but after switching to Fervogear, I couldn't be happier. I would highly recommend Fervogear to any racer looking for the best protection on the track

 **Austin Walters**
Professional Driver

★★★★★

I've been wearing Fervogear suits for years now and they never disappoint. The Nomex® material provides unbeatable protection while still being comfortable to wear during a race.

 **Dawn Culter**
Commercial Operations Manager, Insulet

CLIENT TESTIMONIAL

Gerry Glenn ★★★★★

g gerry glenn
to me ▾

It may be awhile in the photo

Review:

FervoGear Suit is the best suit I have ever worn. The quality of the material and craftsmanship is excellent, the embroidery is top notch. The customer service and timely manner of entire experience at a price exceeded all my expectations.

CLIENT TESTIMONIAL

Dawn ★★★★★

Hi Ida!
Thanks for the follow. The guys LOVED the suits and the filming went perfectly! As soon as I get some photo's back from the film crew I'll be happy to share. As a matter of fact, they want to order 1 more. They want the white one. It will even be for one of the guys you already have all the sizes for. The order for Lou (in the black suit) is not also going to get a white version. His will be exactly the same as the other too. The only difference will be that on the collar it will say Dir IS instead of SRVP

Let me know what you need from me for next steps.
Thanks
Dawn

Who Should Buy Our Racing Fire Suits ?

Fervogear LLC suits are not only beneficial for professional drivers but also for anyone who engages in racing activities.

Whether it's Formula 1, kart, drag, or NASCAR racing, safety should always be a top priority.

Our SFI approved suits offer a high level of protection against flames and heat, which can save lives in case of an accident. These suits provide a more comfortable and customized fit than traditional ones.

With the ability to customize the fit, drivers can feel more confident and focused on the track, enhancing their overall performance.

On top of that, these suits are made with durable and flame-resistant Nomex material, providing unbeatable durability and peace of mind at high speeds.
